

FUN/RUN THROUGH UPDATE

OUR RULES FOR FUTURE RUN THROUGHS

Please plan to remain here for at least two exhibitors after your run through to help as a **ring steward**. In order to make things run smoothly and give everyone the most benefit, we need two stewards-one to run the ring and the other to be the gate steward to do the paper work and the timing. My assistant will serve as the gate steward, but we need you to help out as a **ring steward**.

I have listed the duties of the **Ring Steward** in all three classes here to help you.

The Ring Steward in Novice:

Bring exhibitor into the ring
Be a post on the figure 8
Take the leash and judge's clip board on the stand for examination
Return the leash at the end of the recall

The Ring Steward in Open

Set the jumps
Bring exhibitor into the ring
Take the leash
Be a post on the figure 8
Hand the dumbbell to the judge and take it after the last retrieve
Return the leash at the end

The Ring Steward in Utility

Set the jumps
Place article case and gloves on the chair inside the ring
Bring exhibitor into the ring
Take the leash
Place the articles and then pick them up
Place the gloves and then pick them up
Take the clipboard from judge on moving stand and return it after the exercise
Return the leash at the end

All this will give you an opportunity to practice your stewarding skills, teach you the value of good stewarding at trials, and give you a chance to observe other dogs as they perform. And then there are those free lunches when you volunteer to steward for your club!

Thank you for your help. I'm looking forward to the next Run Throughs.

Irene

To enter them call me or E-mail me and look forward to fun, food, and great company!
